

# If you need a hand, it's at your fingertips

If you are a not-for-profit organisation and need volunteers, they are only a click away. We have volunteers who do everything from sailing with people with disabilities, shop for the housebound, plant trees, perform administrative tasks, even craft pouches for baby possums. There is no end to our list of volunteers and their talents!

Tell the 40,000 visitors a month at Australia's first FREE not-for-profit national volunteering website that you need a hand, by advertising your volunteer positions today.
